SKILLS

Programming	Python, JavaScript, C, C++, TypeScript
Technical	HTML5, CSS3, MongoDB, MySQL, React.js, Node.js
Soft Skills	Time Management, Teamwork, Interpersonal Communication, Problem Solving

PROJECTS

StudyBuddy AI Python, OpenAI API, GPT3, Langchain

<https://github.com/Aad-K6/StudyBuddy>

An intelligent PDF analysis and summarization application allows users to upload PDFs and engage in natural language question-and-answer sessions, summarizes content of input pdf, creates text based presentation using openAI API

Netflix Clone TypeScript, React, Next.JS, MongoDB, NextAuth

<https://github.com/Aad-K6/NetflixClone>

Web application replicating the user interface and functionality of Netflix using React.js and CSS. Implemented features such as user authentication, content streaming. Implemented user authentication with NextAuth, providing secure login and authorization features. Utilized MongoDB for database management, storing user profiles, watchlists. Integrated responsive design principles

Product Bundle Builder C

<https://github.com/Aad-K6/BundlePricing.c>

Developed a dynamic pricing solution to create product bundles ensuring prices end with a specific trailing digit.

Anti Distraction WebApp Python, PyQt5

<https://github.com/Aad-K6/AntiDistraction.py>

enhances productivity by blocking distracting websites and providing personalized notifications and a to-do list for effective task management.

Portfolio Website Javascript, HTML, CSS

aaditikshirsagar.com

Designed and developed a personal portfolio website to showcase a diverse range of projects and skills. Implemented a responsive design using HTML5, CSS3, and JavaScript, ensuring an optimal user experience across devices.
